# RETURNING TO COOK HILL CAMPUS

PHASE 1: 1 DAY PER WEEK ONSITE LEARNING FROM WEEK 3 • 11 MAY 2020

**This is our current plan to see your smiling faces again in Week 3. Each Advisory has been allocated 1 day to attend with their peers and their Advisor.**

Students will be expected to bring all their own equipment for the entire day, this includes:  
laptop, portfolios, lunch and water.  
**No access to shops or food will be permitted.**

**Students will remain on site for their day.**  
All days will have an adjusted timetable to include 5 sessions and students who are attending on Mondays will stay until 3pm.

**Thursday classes** in attendance will be engaging in advisory learning, with the expectations of Sport, Social Action Groups and Senior Study, all to be accessed remotely at a time flexible to each student's needs.

The campus will promote all current Departmental and NSW Health guidelines.

**Students will be reminded to maintain physical distancing, wash their hands frequently and work from designated spaces.**

As young adults, we will be expecting students to be respectful of others and work with us ensuring staff and student safety is paramount.
